Quality Management **R**eservoirs **S**alt
Formation **S**cheduling **S**econdary
Use **S**econd Opinion **S**ite Selection
Surveying **U**nderground Storage

STORCONSULT

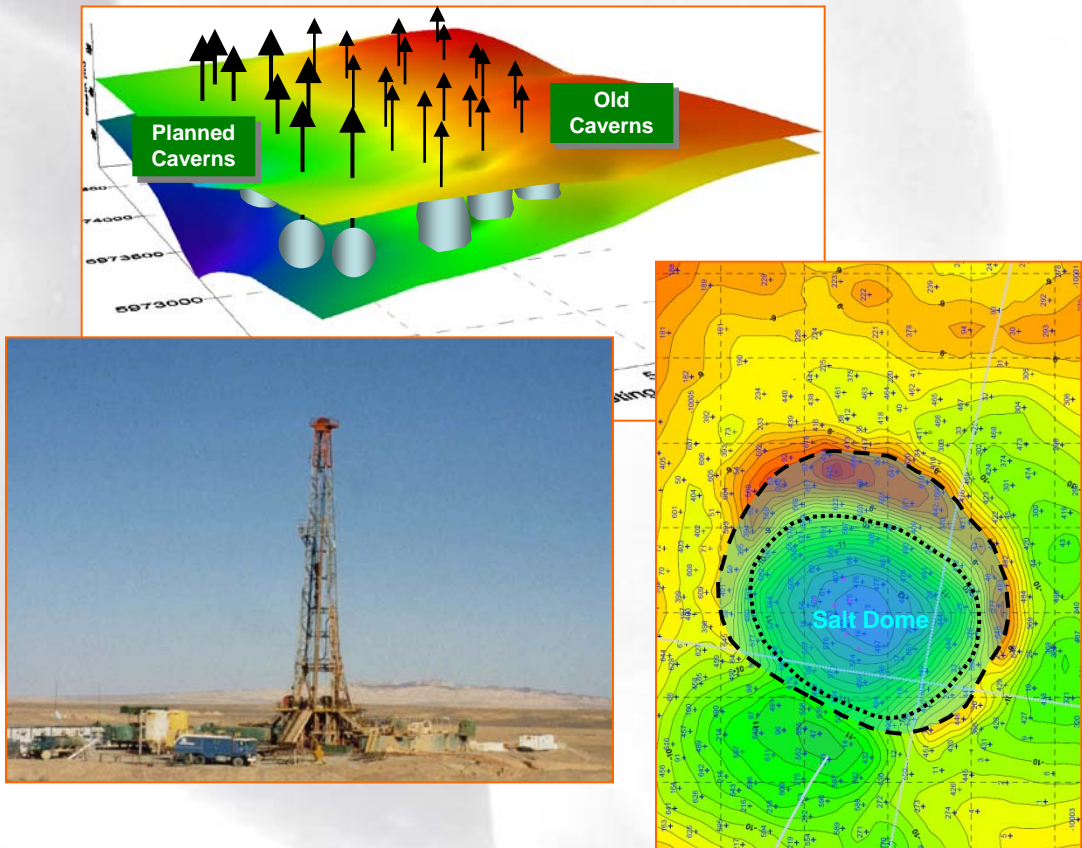

..investments planning...

PREFEASIBILITY

- Site Selection
- Basic Data Determination
- Working Gas Volume Assessment
- Investment Estimation
- Basic Plant Design

..projects detailing...

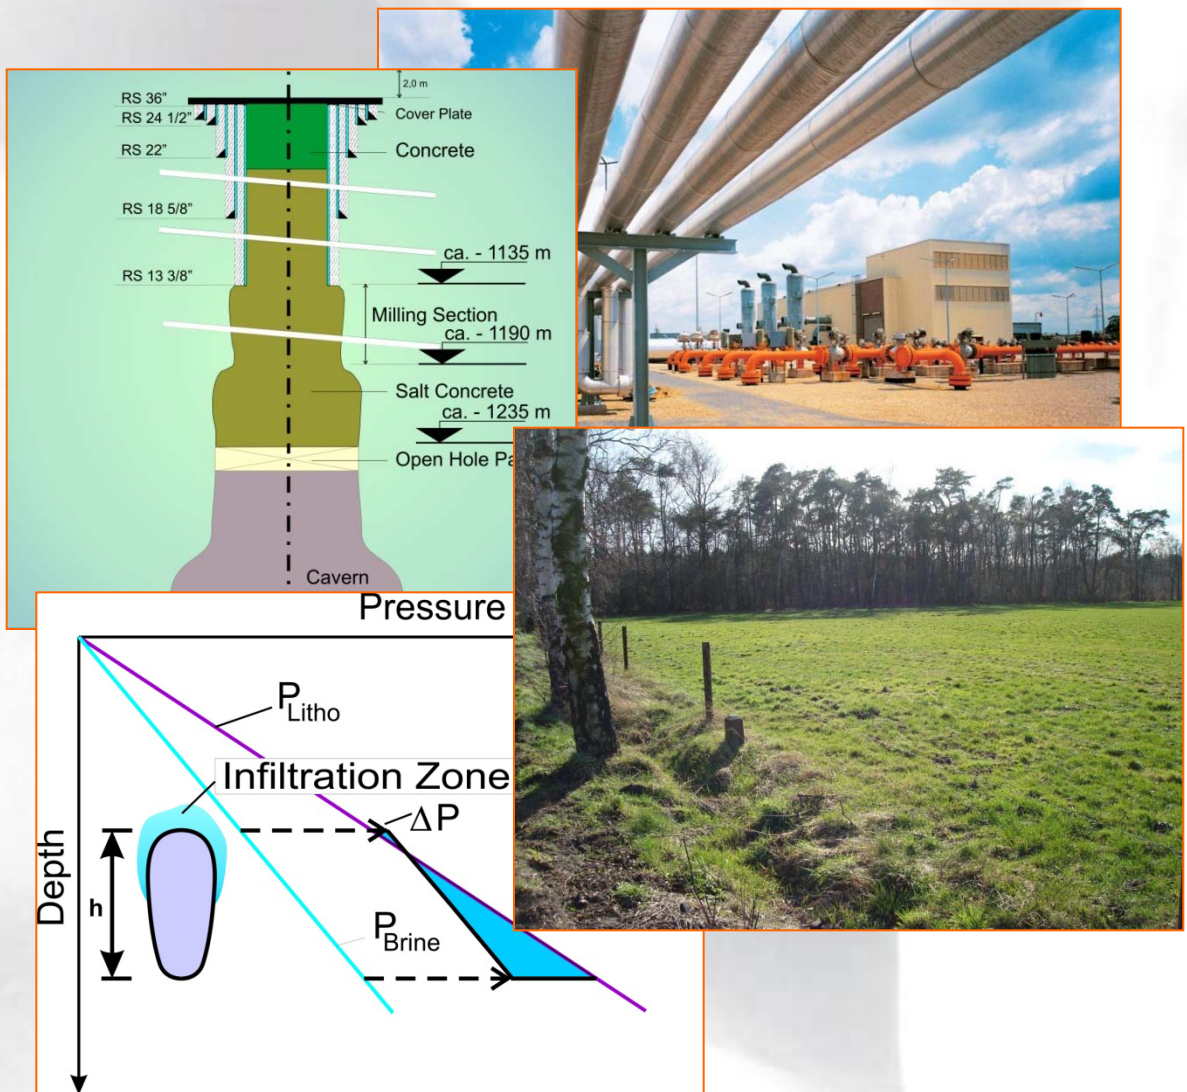

FEASIBILITY

- Detailed Plant Design
- Environmental Assessment
- Working Gas Volume Verification
- Geological Structure Determination
- Investment Cost Optimization
- Infrastructure Investigation
- Regulatory Approvals

..operations...

PROJECT REALIZATION

- Storage Wells & Connections
- Storage Volume Optimization
- Ongoing Approval Process
- Abandonment Procedure

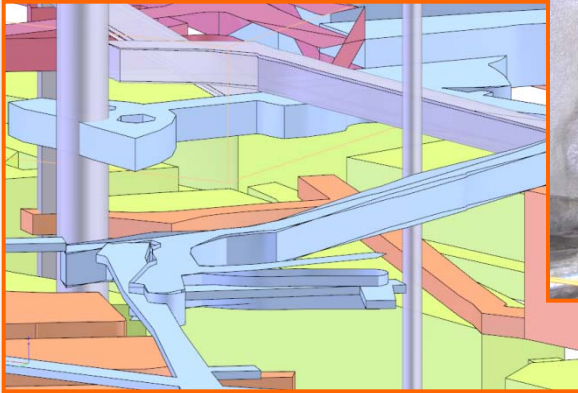

..due diligence implementation...

DUE | DILIGENCE

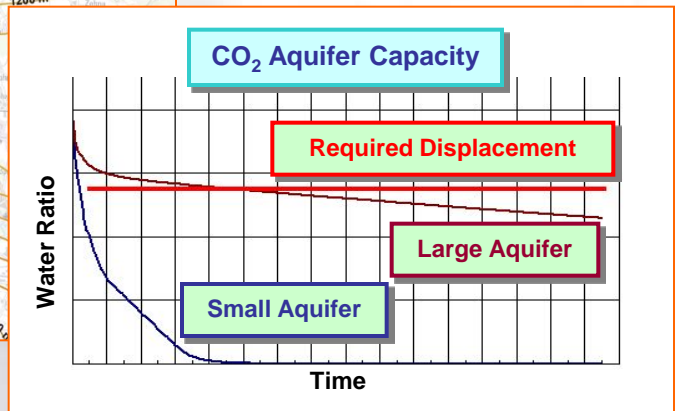

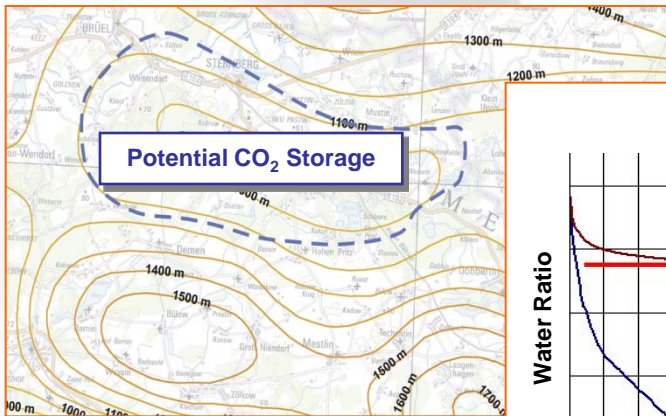

- Secondary Use
- Expansion Plans
- Plant Engineering
- Structure Assessment
- Rock Behaviour & Storage Capacity
- Operational Expenditure (OPEX)
- Capital Expenditure (CAPEX)
- Project Development
- Decommissioning
- Safety Systems

.. breaking new ground...

UNDERGROUND DISPOSAL

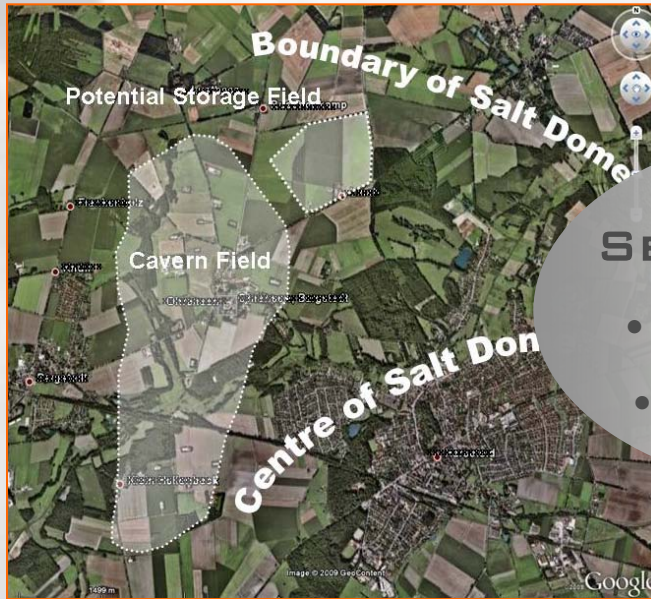

- Flooding Concepts
- Well Planning

CO₂ STORAGE

- Site Selection
- Approval Processes
- Pipe Routing

.. special tasks.

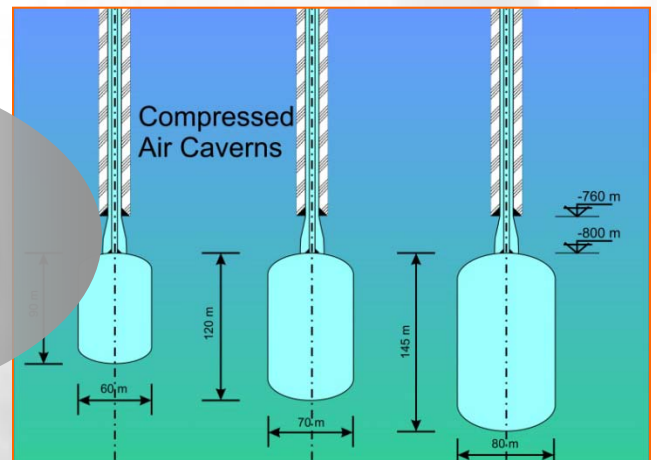

SECOND OPINION

- Plausibility Check
- Risk Assessment

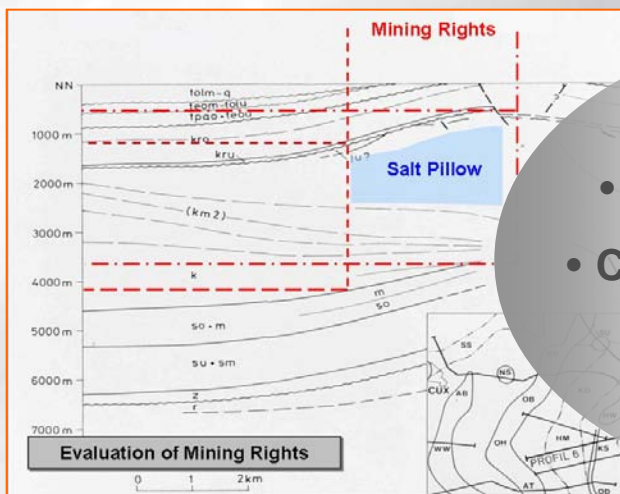

COMPRESSED AIR ENERGY STORAGE

- Cavern Design
- Site Selection

MINERAL RIGHTS

- Structure Assessment
- Carrier Rock Assessment
- Cavern Design
- Infrastructure
